

REVEALQUESTIONS

Reveal questioning is a key tool to uncover and identify subconscious and unconscious beliefs. In our past we have entangled our experiences with emotions, blocking the pure energy of love, money and self-worth. The intention of this exercise is to expose your underlying beliefs, bringing them into your consciousness to untangle the entanglement, connecting to the pure energy, allowing it to flow in your life.

Please fill in the blanks in 10 seconds with the first thought that comes to mind, without editing. If you draw a blank, then just move to the next question.
